Strengths: Research & Analytical Thinking, Attention to Detail, Self-Discipline, Written Communication, Independent Remote Work, Fast Learner

EXPERIENCE

Founder & Financial Markets Researcher | *Tradewithvss (Remote)* Apr 2021 – Present

- Analysed 1000+ companies and forex markets using fundamental analysis (financials, ratios, valuation, risk factors) and technical analysis (price action, trends) on TradingView and Screener.
- Track macroeconomic events and market trends to assess their impact on sectors, price behaviour and investment drivers.
- Maintain structured trading and investment journals to review risk, returns, diversification and decision quality, reinforcing disciplined risk management.
- Built and run the Tradewithvss digital platform (tradewithvss.vercel.app) and Instagram channel (@tradewithvss) to share market research, strengthening written and visual communication of financial ideas.
- Work fully remotely and independently since 2021, managing research schedule, deadlines and decisions end to end.

JOB SIMULATIONS (FORAGE, VIRTUAL EXPERIENCE)

Bank of America | *3 simulations, 10/10 on each assessment* Oct 2026

- **Global Markets Sales & Trading Analyst:** prepared a client Market Insight Report and a follow-up investment proposal email.
- **Investment Banking:** built a Nintendo DCF valuation in an Excel template and wrote the findings email (equity value, implied share price).
- **The Private Bank:** worked through wealth-management client scenarios and advisory recommendations.

Goldman Sachs | *4 simulations* Oct 2026

- **Risk and Internal Audit:** assessed risk exposures and audit controls in simulated firm scenarios.
- **Controllers:** worked on financial reporting and reconciliation tasks.
- **Operations (Private Wealth Management):** prepared a Trade Fail report for a UHNW client's artwork purchase using Excel data and a Word template.
